I, (print name) _____, agree to the following Kokoro
Massage COVID-19 safety protocols and procedures:

- Wear a mask (not a loose bandana) during the whole treatment to protect the health and safety of all. If you are unable to do this, please wait to schedule an appointment when a mask is no longer necessarily recommended. I will have masks available if you forget your own.
- Check your temperature before coming into the office. If your temperature is 100 or higher, please reschedule. The practitioner will also be checking temperatures at the door.
- Wait in your car and text the practitioner at 360-306-0191 when you have arrived. I will contact you when you may come up to the office.
- Bring only the necessities to the appointment.
- Wash your hands before entering the office. You may freely use the hand sanitizer provided.
- There will not be water offered in the office. Please keep water in your car for before and after your treatment.
- There will be no handshakes or hugs and we should keep chit-chat to a minimum so as to reduce the chances of spreading COVID.
- Complete the online intake forms to the best of your ability to streamline appointments and minimize talking which, again, can spread coronavirus. Pay online if possible.

Between every client I, the practitioner, check my temperature, all linens are changed, and all surfaces are thoroughly disinfected with hospital-grade disinfectant, including doorknobs. I change my apron and/or clothes between every client. I wash my hands and forearms thoroughly before and after the appointment and sometimes even again during. Please be aware that I do not disinfect the bathrooms as that is handled by a janitorial staff.

I, the practitioner, will never work on a client if I have even the slightest symptoms of COVID-19.

There is no cancellation fee if you, the client, wake up with cold/flu/COVID symptoms and need to cancel same-day. But do please try and notify me as soon as possible.

- I, the client, agree that Kokoro Massage and Lindsey Frazier, LMT cannot be held liable for any exposure to the virus or any other contagion.
